Chicago Metallic continues to expand its pizza pan options in order to ensure that our customers are able to keep up with the hottest trends on the market. From EXACT STACK® thin crust and deep dish pans to Detroit style and more, our bakeware is designed to keep your operation baking more pizza! See page 28 for all of our pizza pan options.

# The Chicago Metallic Story

For more than a century, the Chicago Metallic name has been synonymous with innovative products, superior quality, and exceptional service. Today, we manufacture more than 300 different baking pans and ship to customers worldwide—typically within 48 hours.

## Quality

- **Biggest Inventory:** We maintain the world's largest inventory, so you can get the products you need without delay.
- **Best Coatings:** Our proprietary coatings outperform everything else on the market.
- **Superior Performance:** Our materials and coatings provide unmatched durability and strength, and we continually innovate to make products safer, more sanitary, and environmentally sound.

## Expertise

- **Deep Experience:** We began creating quality bakeware in 1898—and have continually innovated and enhanced for more than a century.
- **Focus Driven:** Our team is focused on providing unmatched quality control to give you the high-quality products you expect every time.
- **Custom Solutions:** Need something unique? We'll create custom pans to meet your exact specifications and supply chain needs.

## Service

- **Delivery on Demand:** We stock vast inventory, so most orders ship within 24 to 48 hours.
- **Outstanding Service:** Chicago Metallic is a family-owned company, and our deep passion for the baking industry is matched only by our commitment to exceptional service.
- **Guaranteed Satisfaction:** In addition to the confidence of working with the world's largest baking pan manufacturer, you can enjoy the peace of mind that comes with knowing your satisfaction is 100% guaranteed.

## Made in the USA

All Chicago Metallic products are manufactured in the United States with global materials.

# The Bundy Promise

For more than 50 years, Bundy Baking Solutions has driven innovation and excellence to exceed customer expectations. Today, our family-owned company remains committed to providing complete satisfaction for every customer, with every order, and in every interaction with our team. We are not satisfied until you are 100% satisfied. That's The Bundy Promise.

## **We Promise Fairness**

We treat all customers fairly through our pricing, product guarantees, and service.

## **We Promise Responsiveness**

We respond to the needs of our customers—and the industry overall—in a timely and professional manner.

## **We Promise Intelligence**

We offer products and services designed to provide intelligent solutions to our customers' challenges, and we continue to innovate and advance through reinvestment in our brands.

## **We Promise Quality**

We are passionate about quality, design, and precision. We manufacture our products to exacting standards and stand behind everything we sell.

## **We Promise Integrity**

Our brands are rooted in honesty, trust, and respect, and these values guide everything we do.

# Quality, Service, & Customized Solutions

We have 26 facilities around the world to better serve your straightening, cleaning, and coating needs. For more information and to see the capabilities of each of our pan refurbishment locations, please visit our website.

## Custom Pan Manufacturing

Need custom pan sizes, mould designs, or configurations? Chicago Metallic can design a pan to meet your specific baking needs. Minimum order quantities are as low as 250 on most pans (500 for individual bread pans and 200 for bread sets). Contact us for more information.

We can create pans to your specifications including:

- **Sizes & Arrangements:** Customize your overall pan size, mould arrangements, and dimensions.
- **Mould Designs:** Create unique mould designs for signature products.
- **Materials:** Build your pan from strong and durable materials such as aluminum, aluminized steel, stainless steel, anodized aluminum, etc.
- **Pan Strengthening Options:** Enhance the strength of your pan with structural ribs, large-radius corners, and more.
- **Coatings:** Select one of our proprietary coatings: AMERICOAT® ePlus glaze, OptiShield® liquid dispersion coating, or DuraShield® non-stick coating in standard or custom colors.

## Pan Glo® Pan Recoating Service

Even with proper care and cleaning, your pans will eventually need to be refurbished. That is why we offer The Pan Glo® Process. Every year, millions of baking pans of every shape, size, brand, and configuration are processed by Pan Glo plants across North America, South America, and Europe. These cleaned and freshly reglazed pans are returned to productivity with improved release characteristics.

For more information on our Pan Glo services in the USA, call 1.800.652.2151 or visit our website at [panglo.com](http://panglo.com). For more information on our Pan Glo services in Canada, call 1.800.265.8445, Ext. 239 or visit our website at [panglo.ca](http://panglo.ca).

# World-Class Pan Coatings

## Pan Coatings

Chicago Metallic offers different coatings to meet your production needs or preference. Below is a table showing the basic differences between our standard pan coatings. Coatings can also be tinted for easy, at-a-glance identification, or pans can be stamped with an identifying label. Please note, while nearly all of our glazed pans coated with our AMERICOAT® ePlus coating are stock items, some DuraShield® and all OptiShield® coated pans would require a custom order with minimum order quantities (see Custom Pan Manufacturing on page 6).

Pan Coating	Release Mechanism	Standard Color	Other Color(s) Available	Approx. # Releases*	Oil Usage Reduction	Dishwasher Safe	PFOA-Free	FDA Conformity	Recoating Available
AMERICOAT® ePlus Glaze	Silicone	Clear	Yes	600	Up to 50%	No	Yes	Yes	Yes
OptiShield®	Liquid Dispersion Fluoropolymer	Grey/Black	Yes	1500	Up to 75%	Yes	Yes	Yes	Yes
DuraShield®	Fluoropolymer	Dark Green/Black	Yes	3500	Up to 100%	Yes	Yes	Yes	Yes
DuraShield® 265U	Fluoropolymer	Purple	No	3500	Up to 100%	Yes	Yes	Yes	Yes

\*Note that this is an approximate number and may not be the exact number of releases achieved.

## Pan Use & Care

For complete pan use and care guidelines for any of our coated pans, please visit [useandcare.cmbakeware.com](http://useandcare.cmbakeware.com). Printed Use & Care cards are included in all factory shipments and are available upon request.

## Stayflat® Sheet Pans

StayFlat® Sheet Pans feature sidewalls that are continuously reinforced with a horizontal engineered rib. This feature increases sidewall strength up to 30% and provides an easy visual identification reference for situations where stronger, flatter sheet pans are required, such as for transport or for baking pies and cakes.

In addition to our standard StayFlat Sheet Pans, we also offer the world's first sheet pans to have the strength of a completely enclosed pan rim and to be certified by NSF International.

As part of our commitment to continuous improvement, throughout 2017 we upgraded several of our standard sheet pans to the StayFlat design. (*StayFlat U.S. Patent No. 9,737,171*)

## BĀKALON Diamond Grill Pan

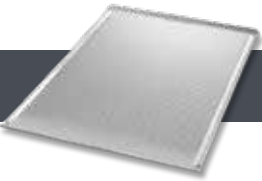

The Chicago Metallic BĀKALON Diamond Grill Pan is designed to add grill marks to steak, chicken, or fish when cooked in conveyerized or conventional ovens. The pan is constructed of high strength aluminum with a durable, hardcoat anodized surface that will not chip, peel, rust, or interact with food.

## Cupcake & Muffin Pan Mould Profiles

(A)  
Bell-Shaped  
Crown

(B)  
Large Rounded  
Crown

(C)  
Cake  
Top

Most Chicago Metallic cupcake and muffin pans produce a bell-shaped crown. Other moulds produce a rounded crown or a flatter, cake-like top. Each mould profile is marked with an (A), (B), or (C) to indicate its typical crown shape.

*Please note that all dimensions are in millimeters.*

Allergen Management  
Cupcake

## Large-Radius Corners

Most Chicago Metallic muffin pans feature an innovative large-radius, seamless corner design. This design significantly increases pan frame and corner strength, extends pan life, and makes pans safer, more sanitary, and easier to handle. These pans also nest and stack easily with older, small-radius corner pans.

Wire in Rim

### Pan Rim Designs

- **Band in Rim:** Heavier; anti-shingle design, ideal for conveyorized and high-volume bakeries.
- **Wire in Rim:** Lighter; best for rack oven applications.

### ePAN® Bun Pans

Chicago Metallic ePAN® Bun Pans are manufactured from high-tensile strength aluminized steel which produces a pan that is thinner and lighter, yet substantially stronger than traditional pans. Using less metal also means ePAN Bun Pans heat faster and cool more quickly.

†Uni-Lock U.S. Patent No. 7,258,246 and Canada Patent No. 2,557,979. For Uni-Lock patent numbers of other countries, please visit [www.bundybakingsolutions.com/patents-trademarks/](http://www.bundybakingsolutions.com/patents-trademarks/).

## Uni-Lock® Baguette Pans

Our Uni-Lock® Baguette Pans utilize a patented locking method to provide a permanent connection between the frame and panel. Our unique design does not rely on individual fasteners or welding so there are no rivets to loosen and fall free and no broken welds to worry about.

## Tortilla Shell Pans

Chicago Metallic's Tortilla Shell Pan is ideal for baking a more healthy version of the popular tortilla bowl. Baking tortillas instead of frying eliminates the extra fat and calories from frying while still providing the crispy texture that consumers love. The tortilla shell pan can accommodate a variety of tortilla sizes, thus the tortillas can be used as a delicious serving bowl for dips, salads, desserts, and more.

## EXACT STACK® Pizza Pans

Chicago Metallic EXACT STACK® Pizza Pans are engineered to stack securely yet release easily when lifted. The pans can be used to proof dough while stacked and will not stick together due to the proprietary design. They offer an average overall space savings of 30% over traditional pizza pans with lids. Made with high-strength aluminum with a durable, hardcoat anodized surface that will not chip, peel, rust, or interact with food, EXACT STACK Pizza Pans are available plain or pre-seasoned with AMERICOAT® ePlus glaze.

## BĀKALON Pans

Chicago Metallic BĀKALON Pans are hard anodized aluminum pans that provide optimal strength, durability, and thermal conductivity. This ultra-hard, aluminum oxide surface provides a nearly permanent protective dark gray cooking surface that will not chip, peel, rust, or interact with food. In fact, these pans are so durable that some bakers have experienced over 50,000 bakes.

BĀKALON pans pre-seasoned with Chicago Metallic's proprietary AMERICOAT® ePlus silicone release coating offer exceptional ease and convenience, combining the release characteristics of a non-stick coating with the flexibility to use metal utensils.

## USA PAN® Bakeware

Manufactured by our sister company, USA PAN®, this line of bakeware provides pan designs in convenient sizes for smaller operations or new product introductions. These pans are made of the same heavy-duty, commercial grade aluminized steel and are designed to the same quality standards as our other baking pans. Coated with our proprietary AMERICOAT® ePlus glaze, these pans provide an easy release of baked goods without the use of oil, grease, spray, parchment, or liners.

10012	★	Plain	#5B Nozzle Nut, replacement part for #10001	

### Manual Cake Filler

Chicago Metallic's Manual Cake Filler is affordable and easy to use and can add instant value to many of your existing baked goods. It holds about 4.73 liters of filling, and the design allows for quick and easy adjustment of the amount of filling deposited into your baked goods, ensuring proper portioning and cost control as well as desired quality and taste level. It is constructed of stainless steel, and is easily disassembled for cleaning.
